

SPOTLESS DISH POWER WITH **AUTODISH**

Autodish is an industrial detergent for automatic dishwashing machines on glassware, crockery, cutlery (avoid polished aluminum, lead crystal, painted china!)

LET'S TALK WHAT IS AUTODISH?

Autodish is an excellent cleaner for glassware, crockery, and cutlery in automatic dishwashing machines, providing spotless results, stain control, and sanitisation. Low-foaming and scale-preventing, it's non-flammable, biodegradable, and dispensed via units for consistent 0.15% concentration in hard water.

Autodish 5L **AUD5**
Autodish 10L **AUD**
Autodish 20L **AUD20**

KEY BENEFITS

**SCALE
PREVENTION**

Prevent scale build-up in hard water

**LOW
FOAMING**

Provide low foaming for machine performance

**SANITISING
SAFETY**

Sanitise dishes effectively during wash cycle

**SPOTLESS
CLEANING**

Leave dishes spotlessly clean without stains

WHEN & HOW TO USE

AUTODISH is designed to be dispensed by our Detergent Dispenser Unit which meters the wash water at all times.

Correct adjustment of the Dispenser to maintain the AUTODISH at 0.15% concentration ensures trouble-free operation and excellent results with dishes coming out spotless, sanitised and sparkling.
