

HIGH LEVEL CLEANING PERFORMANCE WITH **LAUNDRY EMULSIFIER**

LAUNDRY EMULSIFIER contains surfactants to emulsify soils, break down fats and remove greasy substances. The product can be used in soft or hard waters. It has excellent rinsing and finishing properties and is safe for use on all washable fabrics.

LET'S TALK WHAT IS LAUNDRY EMULSIFIER?

Laundry Emulsifier is a surfactant-rich, odourless liquid detergent that emulsifies soils, breaks fats, and removes grease in industrial laundries. Biodegradable and phosphate-free, it pairs with Laundry Break/Brightener/Sour Softener for flexible washing, excels in soft/hard water with excellent rinsing/finishing, and is ideal for commercial/institutional machines while being economical and non-flammable.

Laundry Emulsifier 5L **LAUES**

KEY BENEFITS

CLEANING **PERFORMANCE**

High level of cleaning performance that tackles heavy soils and grease

COTTONS TO **SYNTHETICS**

Suitable for cleaning any washable fabric from cottons to synthetics without damage

BIODEGRADABLE **AND EFFICIENT**

Biodegradable ensures safe and efficient laundry cycles

NEUTRAL AND **ODOURLESS**

Neutral odourless formula for professional laundries

WHEN & HOW TO USE

LAUNDRY EMULSIFIER is designed by the Agar Laundry Liquid Automatic Feed System. This electronic equipment utilises pumps which are activated by the washing machine at appropriate points in the wash cycle. This system is safe because it does away with manual handling of chemicals, and economical because the correct quantity is measured out every time.
