

REMOVE FATS AND OILS WITH **PRESTO**

PRESTO has grease-cutting agents and surfactants to attack and disperse fatty soilage; builders and buffers for water-softening and soil-dispersion with pH control.

LET'S TALK WHAT IS PRESTO?

Presto is a concentrated, caustic-based degreaser that removes fats, oils, carbon, and food residues from hard surfaces. Biodegradable and non-flammable, it breaks down fats for water-soluble rinsing, suspends dirt to prevent redeposit, and works in hot or cold water—ideal for kitchens, abattoirs, and food processing while being safe on specified materials.

Presto 5L **PREST5**
Presto 15L **PREST15**

KEY BENEFITS

**REACTIVE FAT
REMOVER**

Attack fats potently for rapid removal

**DIRT
SUSPENSION**

Suspends dirt & soil without redeposit onto surface

**BREAKDOWN
DEPOSITS**

Break down baked-on food deposits swiftly

**EFFECTIVE IN ALL
WATER TEMPS**

Performs strongly in hot or cold water

WHEN & HOW TO USE

Foam Gun Application:

Cover all food or remove from area before cleaning.

Assemble foam gun and add neat PRESTO to bottle.

Spray hot foam onto all surfaces. Allow to react for 5 minutes.

Rinse all loosened fats and blood away with cold water from hose.

See PDS for more instructions.
