

NO RINSE SANITISING SOLUTION WITH **RF-12**

RF-12 is a sanitiser for use in all food processing areas. It is designed for sanitising all surfaces which have been cleaned, including pots, pans, chopping boards, utensils, benches and floors.

LET'S TALK WHAT IS RF-12?

RF-12 is a food-grade, quaternary ammonium-based sanitiser that kills bacteria on cleaned surfaces without rinsing. Biodegradable and non-flammable, it provides effective sanitation after 5 minutes contact, ideal for kitchens and food areas while complying with AQIS standards for export meat preparation.

RF-12 5L **RFA5**
RF-12 20L **RFA20**

KEY BENEFITS

BACTERIA ELIMINATING

Eliminate wide-range bacteria with proven efficacy

NO-RINSING REQUIRED

Sanitise surfaces fast without any rinsing

SURFACE SAFE

Render items bacteria-free after cleaning

FOOD GRADE

Use safely in all food processing zones

WHEN & HOW TO USE

Porous and Semi-Porous Surfaces/Heavy Duty Sanitising:
Scrub surface clean with detergent, rinse and drain. Dilute RF-12 to 1 in 6 parts with water.

Apply solution with mop, cloth or sponge and leave in contact at least 5 minutes. Rinse well with potable water and allow to drain well before use.

Please see PDS for more application instructions.
