

FOOD-GRADE SANITISER IN ONE STEP WITH **SINGLE STEP**

SINGLE STEP is an excellent cleaner and degreaser for general surface cleaning, sink washing of pots and pans, floor cleaning and for cleaning equipment such as filling machines, cookers, tables, cutting implements, conveyor belts and mixing pans.

LET'S TALK WHAT IS SINGLE STEP?

Single Step is a food-grade detergent that cleans and sanitises hard surfaces in one application. Biodegradable and non-flammable, it removes fats, oils, food residues while killing gram-positive, gram-negative bacteria, moulds, fungi with quaternary ammonium, and is ideal for food areas, aluminium-safe, no-rinse at 1:90 dilution while being low-toxicity and stable.

Single Step 5L **SIN5**
Single Step 20L **SIN20**

KEY BENEFITS

**ONE STOP
CLEANING**

Cleans and sanitises in one step
reducing time and labour in kitchens

**EFFECTIVE ON
BACTERIA**

Effective on a wide range of bacteria
including gram-positive and gram-
negative strains

**ALUMINIUM
SAFE**

Low alkaline and safe on aluminium
preventing damage to kitchen
equipment

**NO RINSE
REQUIRED**

No rinse required when diluted to 1:90
saving water in daily operations

WHEN & HOW TO USE

Floor Cleaning:
Heavy Soilage – Use diluted to
1 in 10 parts with water.

Medium Soilage – Use diluted
to 1 in 20.

Mop floor with solution, leave
to soak 5 minutes, scrub, mop
up then rinse with clean water.
Squeegee floors to speed up
drying.

Please see PDS for further
application instructions.
