

SPRAY BUFF POLISHED FLOORS WITH **SPRAYBUFF C**

SPRAYBUFF C is a water based, solvent-containing liquid for spray buffing wax or acrylic floor polish films.

LET'S TALK WHAT IS **SPRAYBUFF C**?

Spraybuff C is a water-based, purple spray buff liquid that cleans soilage and restores super-high gloss in one buffing pass. Biodegradable and non-flammable, it lubricates pads, brushes, dissolves spill-dissolving solvents, prevents powdering, dirt build-up on bristles, and is ideal for daily maintenance in schools, hospitals, offices while being phosphate-free and recyclable.

Spraybuff C 5L **SPRS**

KEY BENEFITS

BRUSH **LUBRICATION**

Lubricates brush action on the floor preventing polish burn and damage

FAST DRY **CLEANING**

Cleans and dries quickly ready for traffic almost immediately

SUPER GLOSS **FINISH**

Produces a very glossy floor finish restoring showroom shine fast

MILD FRUITY **ODOUR**

Mild fruity odour on application

WHEN & HOW TO USE

SPRAYBUFF C may be used neat on heavily soiled floors or diluted down to 1 in 10 parts with water for general floor cleaning.

Use a hand spraygun to apply a light mist of SPRAYBUFF C solution over a square metre of the floor then buff the area until it is dry. Continue in this manner until the whole floor has been buffed.

Dust mop the floor afterwards to remove all dust residues from the surface.
