

MAKE POLISH EASY WITH **STAINLESS STEEL OIL**

STAINLESS STEEL OIL is designed for use on stainless steel panels around lifts, doorways and escalators in building and offices.

LET'S TALK WHAT IS STAINLESS STEEL OIL?

Stainless Steel Oil is a thin-film mineral oil blend that protects stainless steel from finger-marks, smears, and staining. Phosphate-free and non-flammable in use, it spreads easily with inert solvents for effortless polishing and wiping, ideal for buildings and offices while being safe on steel surfaces.

Stainless Steel Oil 5L **STA5**

KEY BENEFITS

**EASY POLISH
POWER**

Polish steel surfaces effortlessly to shine

**THIN FILM
APPLICATION**

Apply very thin film for protection

**STAIN FREE
DURABILITY**

Prevent staining on steel panels durably

**STEEL
PROTECTION**

Protects steel surfaces and prevents finger marks

WHEN & HOW TO USE

Apply a small amount of **STAINLESS STEEL OIL** to a clean cloth.

Wipe a thin film of the oil onto the steel surface then polish dry.

Avoid applying an excessive quantity as this may collect dust.

The surface will now be protected from staining and marking.
