

CHEMICAL WASTE DISPOSAL

— DO NOT POUR CHEMICALS DOWN DRAINS OR STORMWATER —

Dispose of chemical waste using the school's approved process.

DO NOT

✗ Do not pour chemicals into sinks, drains or stormwater.

✗ Do not mix waste unless the approved procedure allows it.

Do not dispose of unidentified chemicals until they are identified and assessed.

DO

✓ Keep waste identified and separated.

✓ Follow the SDS and local disposal procedure.

✓ Use the correct waste container.

✓ Ask the responsible person if unsure.

✓ Report damaged containers or leaks.

PROTECT PEOPLE AND THE ENVIRONMENT

Prevent injuries.

Protect waterways.

Reduce contamination risk.

Keep records where required.
