

CURRENT SAFETY DATA SHEETS

WHERE TO FIND THE SDS

For dangerous goods or hazardous substances, staff must be able to access the current SDS for the exact product.

1 BEFORE USE

- Find the current SDS for the exact product and manufacturer.
- Check hazards, PPE, first aid and spill-response information.
- Follow the product label, current SDS and approved local controls.

2 SDS ACCESS

School SDS system / location:

Back-up access point:

Responsible person:

3 IF A REQUIRED SDS IS NOT AVAILABLE

- Stop and ask the responsible person.
- Do not use the dangerous good or hazardous substance until the current SDS is available.
- Report missing or outdated SDS records.

REMEMBER

MATCH THE SDS

to the exact product and manufacturer.

USE CURRENT ACCESS

Digital access is acceptable; printed copies can become outdated.

FOLLOW LOCAL CONTROLS

Use the school's approved procedure and the current SDS.
