CLASS 6 TOXIC / INFECTIOUS SUBSTANCES

Toxic hazard.

CLASS 7 RADIOACTIVE MATERIAL

Radiation hazard.

CLASS 8 CORROSIVE SUBSTANCES

Causes severe burns.

CLASS 9 MISCELLANEOUS DANGEROUS GOODS

Other significant hazards.

HOW TO USE THIS INFORMATION

Check the product label and SDS.

Follow the school's storage and handling controls.

Not every school stores every class of dangerous goods.

If you are unsure, ask your supervisor.

READ THE LABEL • CONSULT THE SDS • FOLLOW SCHOOL CONTROLS
